Dear Travelers.

Welcome again to a new year of exciting tours and travel experiences. Each year we add new tours that you have requested as well as favorites proven over time. I don't do much advertising because advertising is quite expensive and you, my satisfied clients, are my best promoters!

Specialized Travel Services continues to provide the highest quality travel experience. I try to make my trips include a little more of what you would like to do and see... like a trip that you would take with friends or family. The "out of the way" places make all of our trips interesting.

Notice the new address. We have moved the office into Eau Claire, WI. It is really just a short distance away but involves a new address. The phone numbers remain the same!

Even though our trips are scheduled for summer and fall, you need you to make a decision early. Often I get a call about a month before the tour asking if that person can get on the trip. We are always glad to accept a last minute passenger IF the trip is still available. Because of airline restrictions or non-refundable deposits to hotels and other venues, reservation availability may be determined as long as 60-120 days before travel. International trips also have date restrictions beginning in June.

Call today for day-by-day brochures on each tour, or you can immediately access the trips on the internet at www.specializedtravelservices.com . Travel insurance can be ordered online or directly through our office.

Thank you for choosing Specialized Travel Services. We look forward to fulfilling your vacation destination.

Sincerely,

Vicki Wolterstorff
Tour Manager
